This diagram illustrates the assembly of a grey Technic beam into a red frame. The red frame consists of two vertical beams and a horizontal base. The grey beam is being inserted into the frame, and a red pin is shown being pushed through the beam and the frame to secure it. The diagram also shows a yellow Technic beam and a blue pin being used to secure the assembly.

Axle is used to lock model during assembly. Axle will be removed during last steps.

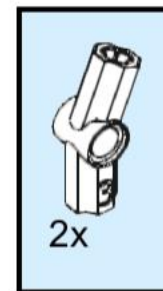

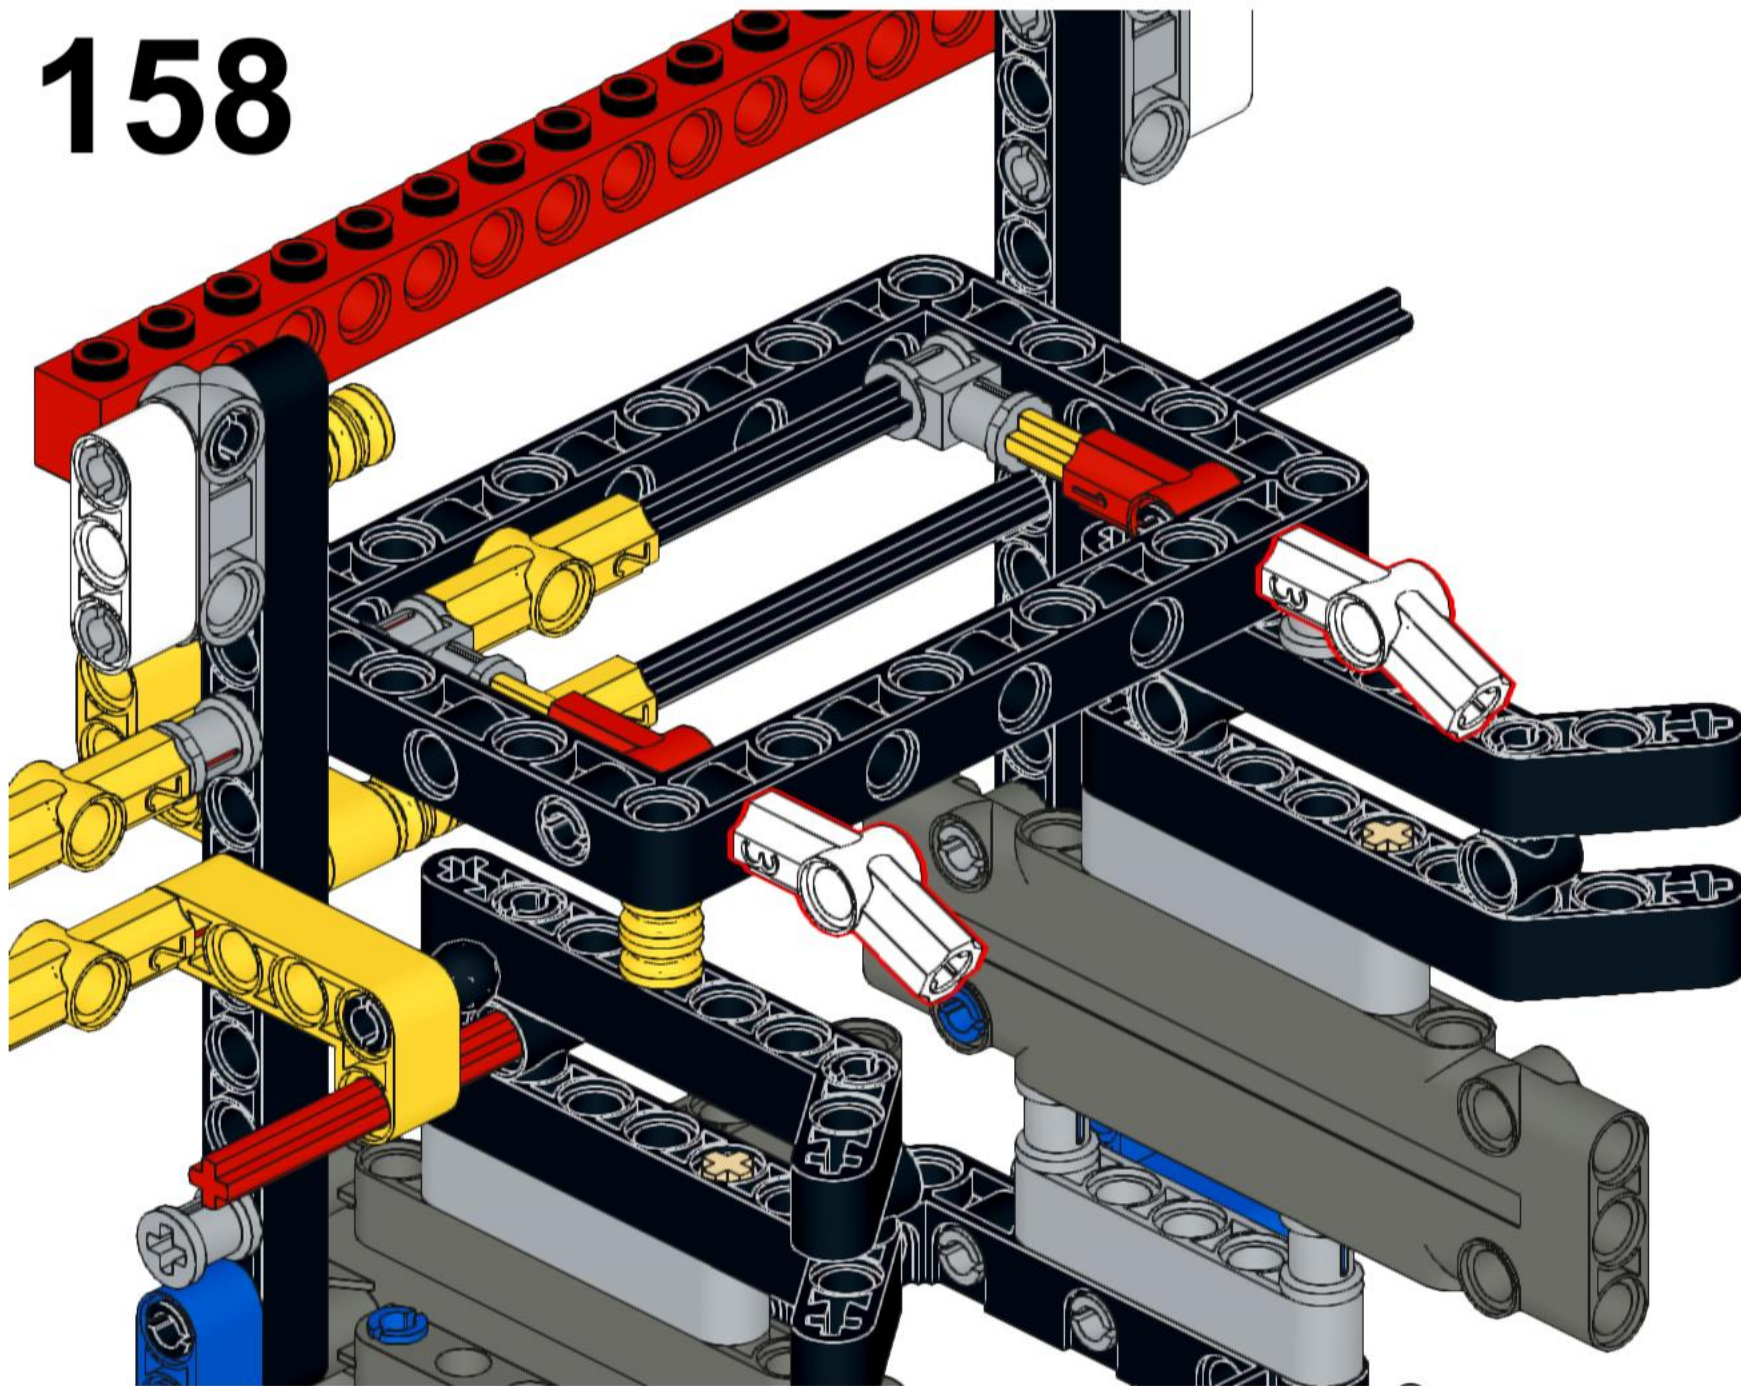

157

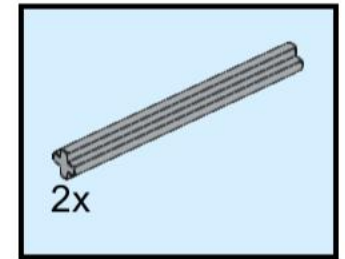

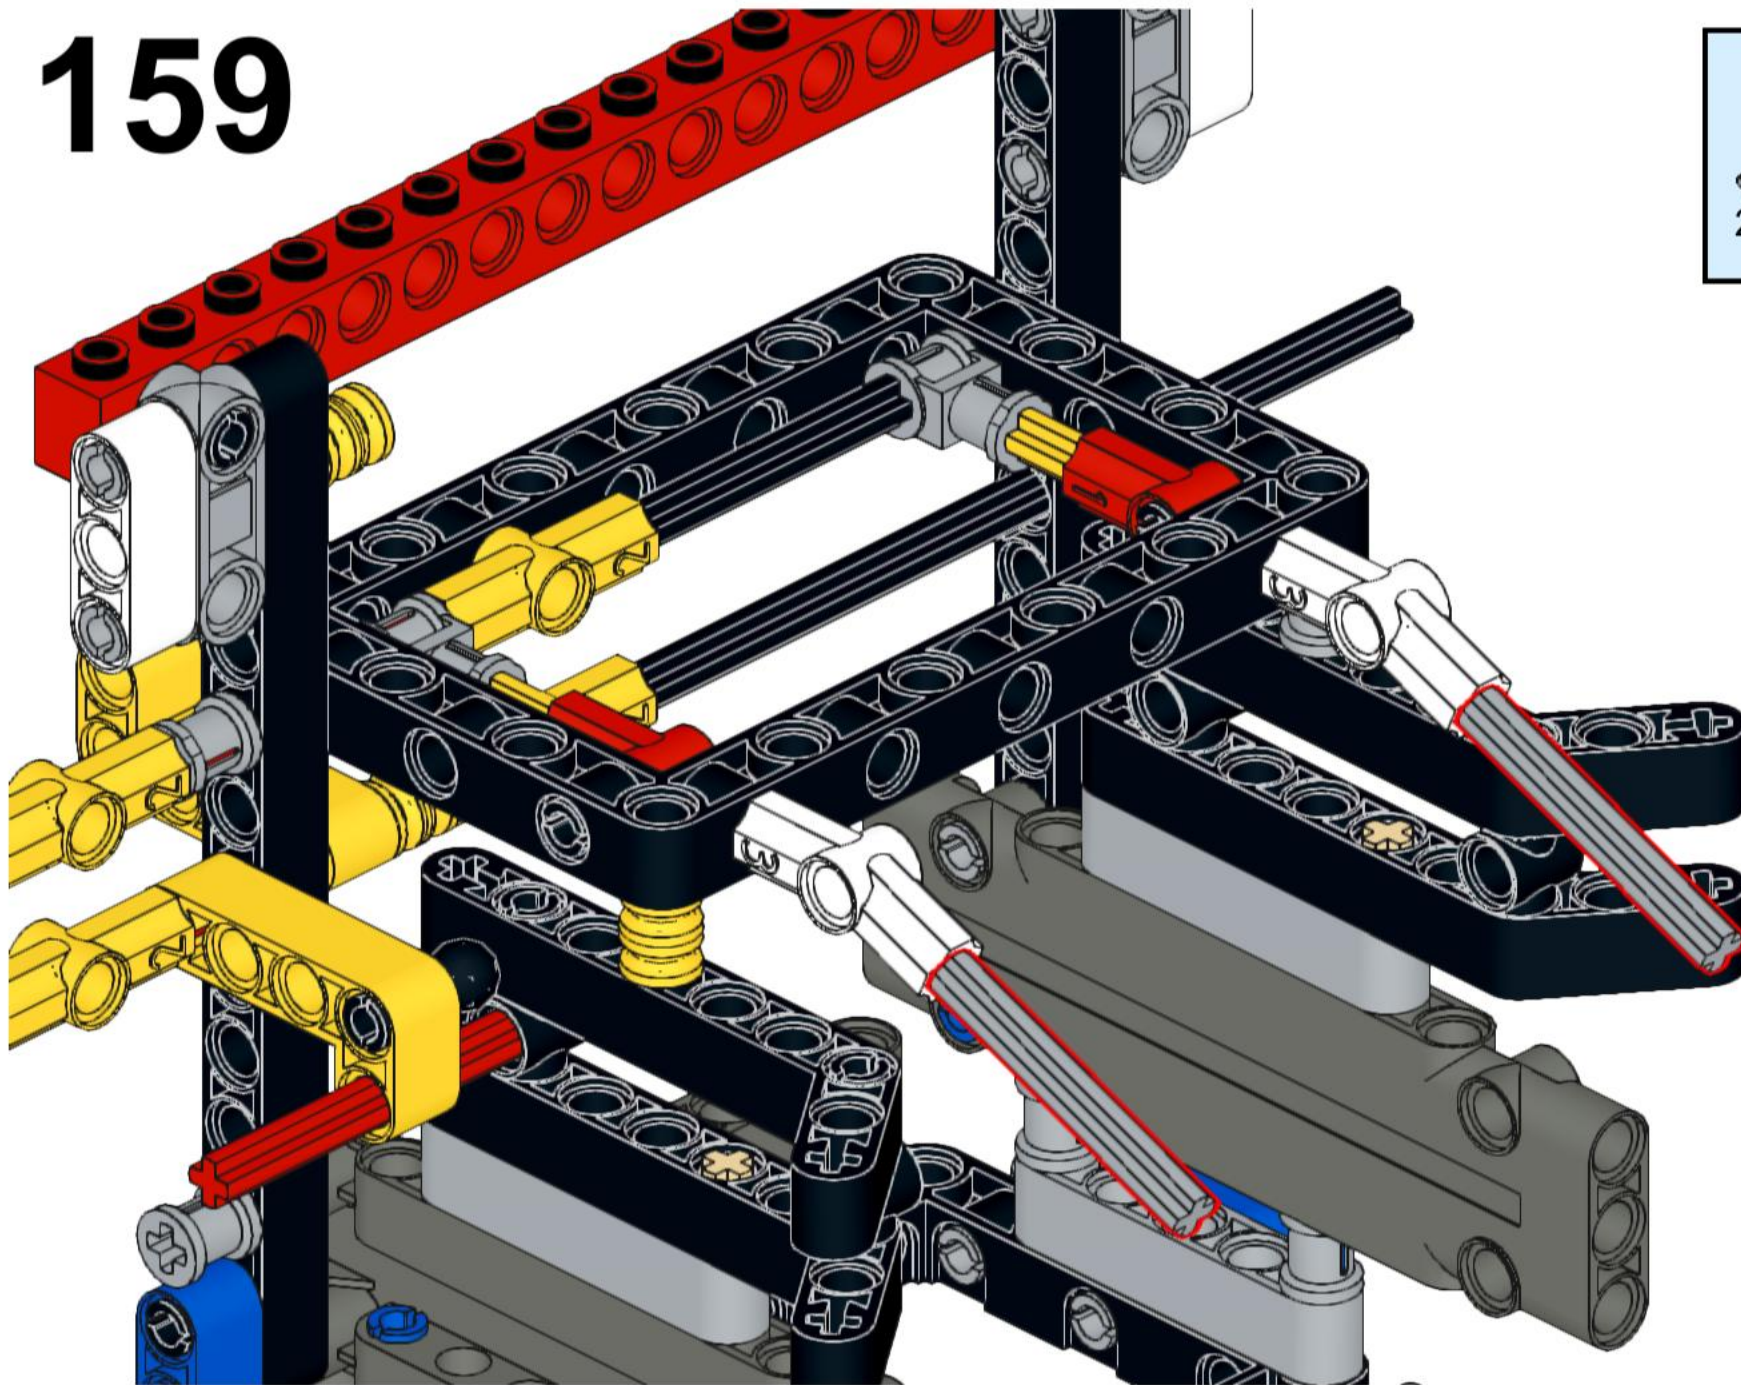

This diagram illustrates a complex LEGO Technic assembly. The structure is primarily composed of black Technic beams, with a prominent red beam running horizontally across the top. Various yellow and red connectors, including pins and bushings, are used to join the beams. A blue circular arrow icon is located in the bottom right corner of the diagram.
